## **Game Designer**

Skilled game designer, capable of solving complex problems, and meeting tight deadlines. A perpetual learner, always searching for new tools and methods to improve skills. Highly self-motivated and can work well as part of a team or individually.

## **Skills**

Unreal Engine • Blueprints • Source Control • Level Design • Game System Balance • Design Documentation • Team Leadership/Production • JIRA • Visual Studio • Audacity • Blender

## **Projects**

### **Trials Of Unrest • Global Game Jam 2021 • Unreal Engine • 02/2021**

Designer / Programmer • 3D • 3<sup>rd</sup> person adventure game. I handled, production, level design, art/audio implementation and menu creation/implementation.

### **Light Riders • Mini Jam 58 • Unreal Engine • 07/2020**

Designer / Programmer • 3D • 3<sup>rd</sup> person racing game inspired by Tron and Road Rash. I did level design, menu design/implementation and I created the upgrade system.

### **Donut Libre • Mini Jam 56 • Unreal Engine • 06/2020**

Designer / Programmer • 3D • 3<sup>rd</sup> person 1v1 game that has the player's competing to collect more donuts. I did everything except the audio and art on this game.
